

Support & Recreation Services

Support & Recreation Services (SRS) is an ongoing program where you determine your level of involvement, from accessing support and counselling, to an array of social and recreational activities.

Support Services

Our mental health team will help you manage distress, build coping strategies for healthy community living, and reduce the need for hospitalization. We offer group sessions and psychoeducational programs, such as:

Mindfulness - this program can help you manage symptoms and build coping skills.

Relaxation Group - A weekly restorative yoga practice which includes targeted poses to assist with relaxation, deep breathing and meditation.

Rewired Program - an 6-week program of basic CBT (Cognitive Behaviour Therapy) principles to help manage depression and/or anxiety. Trained staff help you apply a practical approach throughout the program.

Recreation Services

Recreation Services provides many ways for you to have fun and de-stress in a welcoming, safe, supportive environment that's informal and flexible. Check out this month's calendar for details of activities and how to sign up.

Support & Recreation Services is open daily from 10:00 a.m. – 6:00 p.m.
